

GLAB 926.2.1 - Mastering the Pillars of Prompting in the World of “Text Translation”

[Dhanashree Ajay Kharade]
[06/02/2026]

Overview	2
Steps	3
Conclusion	4
Appendix	5

Overview

[Create a short summary of what was achieved in your lab]

Steps

1. [Detail the steps you took to do the tasks in the lab and add screenshots as proof of completion]

2

Conclusion

[Add any takeaways about the lab]

Exercise 2 - Format

The screenshot displays a web browser window with a ChatGPT interface. The prompt asks to translate a marketing flyer into German while preserving its structure, headings, bullet points, and numbering. The response provides a German translation of the flyer's content.

Translate the following marketing flyer into German.

Requirements:

- Keep all headings.
- Preserve bullet points.
- Preserve numbering.
- Maintain the same layout and structure.

Product Features:

- High-quality material: Our products are crafted from top-tier

Show more ▾

Below is the German translation with the original structure, headings, bullet points, and numbering preserved:

Edit

Produktmerkmale:

- **Hochwertige Materialien:** Unsere Produkte werden aus erstklassigen Materialien gefertigt.
- **Erschwingliche Preise:** Genießen Sie Premium-Qualität, ohne Ihr Budget zu belasten.
- **Umweltfreundliche Produktion:** Unsere Herstellungsprozesse legen großen Wert auf Nachhaltigkeit.

So bestellen Sie:

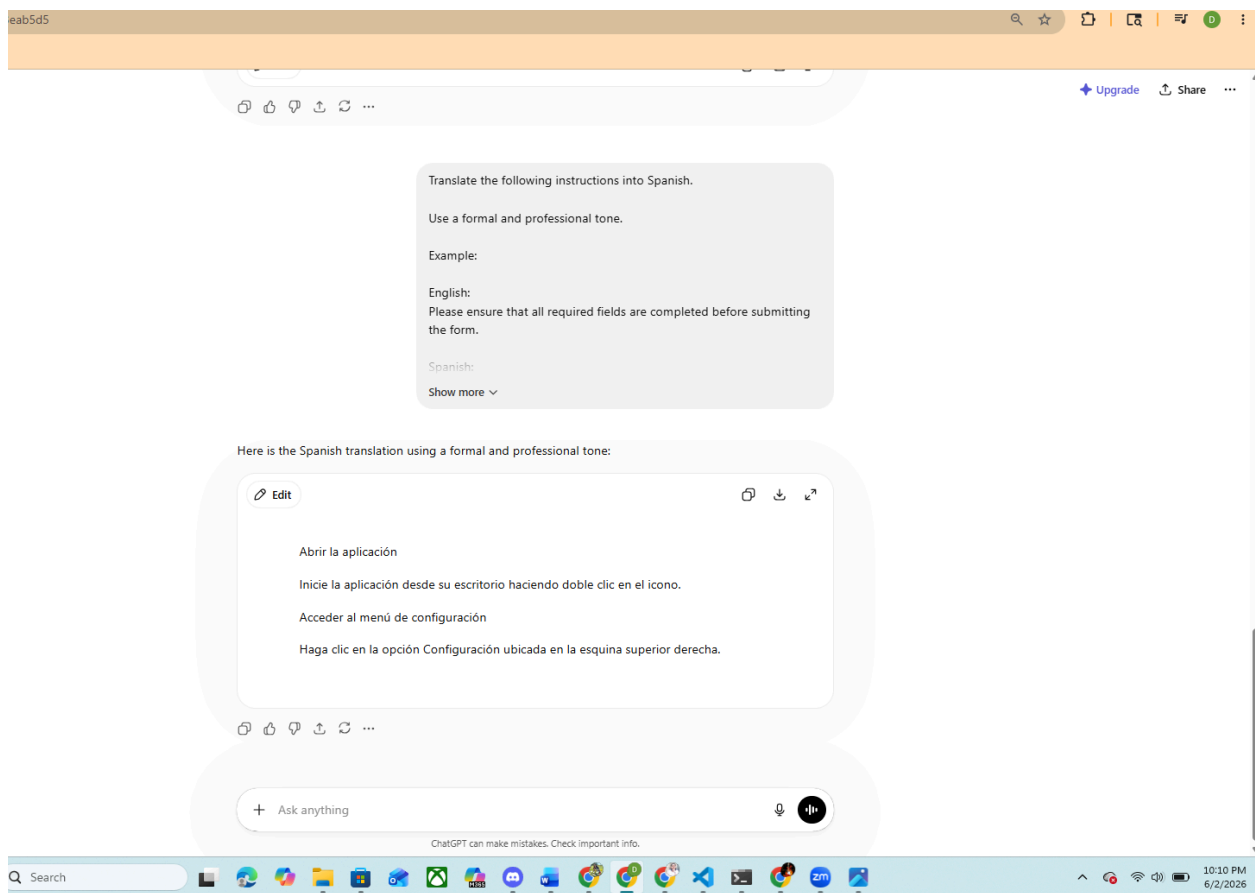

1. Besuchen Sie unsere Website.
2. Legen Sie die Produkte in Ihren Warenkorb.
3. Gehen Sie zur Kasse.
4. Bestätigen Sie Ihre Bestellung.

+ Ask anything

ChatGPT can make mistakes. Check important info.

9:53 PM 6/2/2026

Exercise 3 - Examples

The screenshot displays a web browser window with a ChatGPT interface. The browser's address bar shows the URL "eab5d5". The ChatGPT interface includes a search bar at the top with icons for search, star, share, and a menu. Below the search bar, there are icons for copy, like, dislike, and a share icon. The main content area shows a prompt: "Translate the following instructions into Spanish. Use a formal and professional tone. Example: English: Please ensure that all required fields are completed before submitting the form. Spanish: Show more". Below the prompt, the response is displayed: "Here is the Spanish translation using a formal and professional tone: Abrir la aplicación. Inicie la aplicación desde su escritorio haciendo doble clic en el icono. Acceder al menú de configuración. Haga clic en la opción Configuración ubicada en la esquina superior derecha." The response is enclosed in a box with an "Edit" button and icons for copy, download, and share. At the bottom of the ChatGPT interface, there is a text input field with the placeholder "Ask anything" and a microphone icon. A small disclaimer at the bottom of the ChatGPT interface reads: "ChatGPT can make mistakes. Check important info." The browser's taskbar at the bottom shows various application icons, including a search bar, file explorer, and several web browsers. The system tray on the right shows the time as 10:10 PM and the date as 6/2/2026.

Exercise 4 - Chaining

Prompt1

:Review this manual and identify important technical terms that should remain consistent during translation.

Overview

XYZ Software enhances your workflow with advanced features and a user-friendly interface.

Installation

1. Download the installer from the official website.
2. Double-click the file to start installation.
3. Follow the on-screen instructions.

Output: Technical Terms to Keep Consistent

- XYZ Software (product name; should typically remain untranslated)
- Workflow
- User Interface (or a consistently chosen equivalent translation)
- Installation
- Installer
- Official Website
- File
- On-screen Instructions

Consistency Notes

1. Product names such as "XYZ Software" should remain unchanged.
2. Technical terms like "installer" and "user interface" should be translated the same way every time they appear.

3. Headings such as "Overview" and "Installation" should use consistent translations throughout the manual.
4. Common software actions such as "download," "double-click," and "start installation" should follow a standardized translation style.

Prompt2:

Translate only the Overview section into Japanese.

Overview

XYZ Software enhances your workflow with advanced features and a user-friendly interface.

Output by AI:

Prompt 3:

Translate only the Installation section into Japanese using the same terminology identified previously.

Installation

1. Download the installer from the official website.
2. Double-click the file to start installation.
3. Follow the on-screen instructions.

Output :インストール

1. 公式ウェブサイトからインストーラーをダウンロードします。
2. インストールを開始するには、ファイルをダブルクリックします。
3. 画面上の指示に従ってください。

Prompt 4: Translate the Features section into Japanese while maintaining consistency with previous translations.

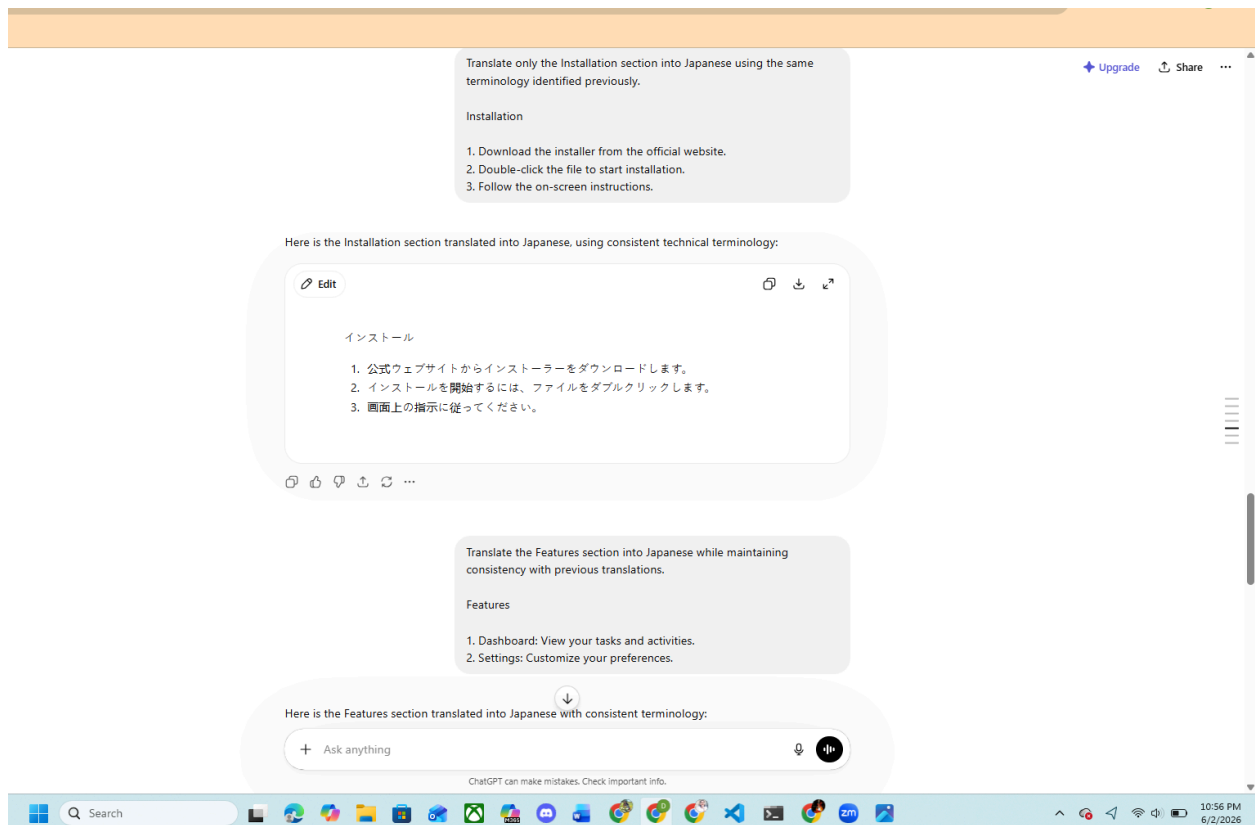

Features

1. Dashboard: View your tasks and activities.
2. Settings: Customize your preferences.

Output:

機能

1. ダッシュボード: タスクとアクティビティを表示します。
2. 設定: 設定をカスタマイズします。

Exercise 5 – Evaluation

Evaluate the following German translation.

Criteria:

1. Accuracy
2. Fluency
3. Professional Tone
4. Consistency
5. Suggestions for Improvement

Provide ratings from 1–5 for each category.

English Product Description:

"XYZ Wireless Mouse is designed for precision and comfort. It features a high-resolution optical sensor and ergonomic design for long hours of use. The mouse includes programmable buttons for customizable functions and comes with a rechargeable battery for convenience."

German Translation:

"Die XYZ Wireless Maus ist für Präzision und Komfort ausgelegt. Sie verfügt über einen hochauflösenden optischen Sensor und ein ergonomisches Design für stundenlange Nutzung. Die Maus enthält programmierbare Tasten für anpassbare Funktionen und wird mit einem wiederaufladbaren Akku für Komfort geliefert."

Output by AI:

Evaluation of German Translation

1. Accuracy — 5/5

The translation accurately reflects all key details from the English source:

- Precision and comfort → „Präzision und Komfort“
- High-resolution optical sensor → „hochauflösenden optischen Sensor“
- Ergonomic design → „ergonomisches Design“
- Programmable buttons → „programmierbare Tasten“
- Rechargeable battery → „wiederaufladbaren Akku“

No meaning is lost or distorted.

2. Fluency — 4/5

The German reads naturally overall, but one phrase is slightly less idiomatic:

- „für stundenlange Nutzung“ is understandable but could be smoother as „für längere Nutzung“ or „für den Langzeitgebrauch“.

Overall, the sentence flow is still clear and native-like.

3. Professional Tone — 5/5

The tone is appropriately formal and product-focused, suitable for marketing or technical documentation. Vocabulary choice is consistent with professional German product descriptions.

4. Consistency — 5/5

Terminology is consistent throughout:

- „Maus“ is used correctly throughout.
- Technical terms like „Sensor“, „Design“, and „Tasten“ are consistent and standard.

- No inconsistent translations or style shifts detected.
-

5. Suggestions for Improvement

A slightly more natural version could improve readability:

- Replace:
 - „für stundenlange Nutzung“
- With:
 - „für den Langzeitgebrauch“ or „für längere Einsatzzeiten“

Optional refined version of that sentence:

„Sie verfügt über einen hochauflösenden optischen Sensor und ein ergonomisches Design für den Langzeitgebrauch.“

Overall Assessment

The translation is high quality, accurate, and professionally written. Only minor stylistic refinements would improve natural fluency.
